Construction Chemicals

3 groups · 10 products

Adhesive

High-strength fast glue adhesive suitable for MDF, woodwork, furniture, interior finishing & general bonding.

TCP Fast Glue Kit (Adhesive + Activator)

PU Foam

Medium-expansion PU foam for window frames, door frames and construction gaps.

ENFIX PU Foam 1000gr

ENFIX PU Foam 850gr

TCP PU Foam 600gr

TCP PU Foam 850gr

Sealants

Sealants close compatible joints and gaps, while adhesives bond materials together. Choose by substrate, joint movement, moisture exposure and whether the finish will be painted. Explore TCP silicone mastic, siliconized acrylic sealant and construction adhesive entries below, then read the individual datasheets. For a building or decorating project in Ghana, contact our Accra or Kumasi team to discuss suitability and current availability.

TCP Multi-Purpose Silicone Sealant

TCP Acrylic Silicone Sealant

TCP Liquid Nail Construction Adhesive

ENFIX Silicone Sealant

TCP High Tack Power Adhesive
